

Press Release

DXT Inc. Showcases The Extreme Gamer®, The Black Widow™ Gaming Keyboard, and The Reality Pro™ AR (Augmented Reality) Gaming Device at the E-3 Expo in Los Angeles

Las Vegas, NV – June 2010

DXT, Inc. (DXT®) developing cutting edge gaming peripherals for the console gaming segment, announced today DXT showcased (island booth 5554) its new line of video game hardware at this years E-3 Expo, June 15th – 17th, 2010.

Over 45,000 people attended this year's 2010 Electronic Entertainment Expo, better known as the E-3 Expo at the L.A. Convention Center in Los Angeles. Held once a year, E-3 Expo is the main event for the electronic entertainment industry. This trade show brings everyone from video game distributors, wholesalers, major chains, independent stores, and media from the United States and over 90 countries around the world.

“Having a booth at this years conference, we were able to network and introduce our company to Video Game Buyers. The Sale of Consoles, games, and accessories is a \$22b domestic and a \$30b worldwide market. Our specific segment, the sale of accessories, or peripherals, accounts for approximately \$5,000,000,000 (five billion) annually. ” 2010 YTD posted May 2010 hardware sales at \$2.57b, stated by the NPD Group.

About DXT Inc.

Digital Extreme Technologies, Inc., a Delaware Corporation, began operations in January 2007 for the purpose of the manufacturing and marketing of the Extreme Gamer®; the World's first multi-disc video game changer. With offices in California and Nevada, Digital Extreme Technologies has continued to develop cutting edge gaming peripherals for the console gaming segment.
